CAUSE OF DEATH in plain terms, so that it may be properly classified. Statement that patient "died of heart failure" or "died of old age" is not sufficient. Specific name of disease must be given. Where there is a contributory cause of death, it should be stated. Where there is a complication of diseases, the primary cause of death must be given. Where there is a violent death, the nature of injury must be stated. Where death is due to external cause, the accident, suicide or homicide must be reported to the Coroner. Where death is due to a violent cause, the Coroner must be notified before a certificate is issued. Where death is due to a violent cause, the Coroner must be notified before a certificate is issued. See instructions on back of certificate.
